NOTTING HILL LONDON'S NEW STYLE BARNET

Notting Hill London, the private sales division of the Notting Hill Housing Group, is delighted to announce the launch of its New Barnet Green development on 24th and 25th November. Consisting of a selection of 21 apartments, it offers exceptional value for money on North London's leafy borders. With thoughtful design-led interiors, it is a residential scheme perfect for those seeking practical and modern living.

The show apartment has been styled by Studioilse, the design consultancy founded by Ilse Crawford, founding editor of British Elle Decoration, and will be available to view at the launch of the development. From the interior planning, to specifying the finishes, fixtures and fittings, the New Barnet Green show apartment has been produced by one of the most recognised names in British design.

New Barnet Green is a private gated development, consisting of four buildings, with apartments expanding throughout the ground, first floor and second floor levels. The scheme comprises 21 two-bedroom apartments, many with balcony or terrace area. Video-entry security, private parking and cycle storage is also located onsite.

Richard Prynne, Development Director of Notting Hill London, comments: "New Barnet Green offers a specification that is both stylish and contemporary, whilst providing practical and adaptable living standards at affordable prices. The development also benefits from a great location where city meets country and everything you need is on your doorstep."

All the apartments feature two bedrooms, a bathroom, fully fitted kitchen and a living / dining area. A selection of apartments also benefit from a second bathroom, and a balcony or terrace area. Kitchens come with contemporary timber finished units, stainless steel sinks, integrated gas hob and oven, built in washer/dryer and laminate flooring. The bathrooms have beautiful white sanitary ware, comprising a white steel bath and thermostatic shower with glass screening, heated chrome towel rails and ceramic floor tiles.

New Barnet Green is ideally located on the borders of north London and south Hertfordshire, and has access to local countryside, woodlands and parks. The neighbourhood of New Barnet is a small yet bustling north London suburb, which boasts a range of local amenities including Brent Cross and The Spires Shopping Centres, LA Fitness, Golf Courses, a selection of supermarkets and a variety of cafes, bars and restaurants.

New Barnet has excellent overground rail links to central London, with journey times taking approximately 30 minutes from New Barnet Rail Station to Moorgate, The City and Highbury & Islington. Frequent trains also run to Hatfield. Access to London's underground is close at hand too with the Piccadilly Line operating out of Cockfosters and the Northern Line at Totteridge and Whetstone. For - even greater escapes - the M1 and the M25 provide easy access to the North, South, East and West.

Prices for the two-bedroom apartments at New Barnet Green will start at £272,500 inclusive of car parking. For sales information please visit the sales and marketing suite, call the selling agents Jeremy Leaf on 020 8446 4295 or visit www.newbarnetgreen.co.uk.
